Thanks Sharon.

We just received confirmation from our consultants that we did receive a November 21st letter from the LA Union Station HS. It was posted and available for public review, as required by CEQA, on the Los Angeles Aerial Rapid Transit SB 44 website and dated 11/21/2022. It also included attachments. <https://laartsb44.net/#!/documents>

Ginny has been informed of this and of her mailbox being full. I don't think you sent us the original letter per the email sent last week. I assume this is the only letter sent to us from LA Union Station HS.

Ray,

It looks like Mr. Savio got the voicemail (see below) and attached.

This will likely require additional follow-up.

Thanks,
Sharon

Ms. Gookin,

Today I received a gabbeled phone message from someone in Metro Coummunity Relations that sounded like Denise Odell or something like it. She aked me to call her back at 213 248 0658 or something like that. She said that it was about the "Return to Sender" communication concerning the "Gondola Project". When I called her back, her voicemail was full and would not take my message. Would you please clarify this.

Thanks,

Tom Savio
